

## **Consultant D**

In her work with LAs for Capita Strategic Children's Services, Consultant D has researched and devised a Local Authority leadership strategy, supported LA inspection; she has been part of the school improvement team for the National Strategies; and, most recently, she has worked as interim Head of School Improvement in two authorities. In this role she has designed and implemented a restructure of the school improvement service, leading to positive Ofsted comments on LA support for schools. She has also developed IEBs and 'radical solutions' for schools causing concern.

Consultant D joined Capita from a Local Authority as Assistant Director, Education and Children's Services with particular responsibility for services to schools and young people.

Previous roles included being Director of an Education Action Zone and a secondary headteacher. Consultant D had particular success in raising standards by improving the quality of teaching and learning and introducing whole school and departmental self evaluation.

Consultant D's key strengths lie in strategic partnership working, raising achievement and change management.
