

Consultant F

In Capita Strategic Children's Services, Consultant F has undertaken a number of varied assignments in a range of children's services settings including programme management roles, consultancy to the DCSF, service review, change management and performance improvement in a number of Local Authorities and a role in a regional Government Office providing support and challenge to local authorities to bring about improved safeguarding arrangements.

She has undertaken short reviews of safeguarding and social care child protection and provided assistance to local authority officers with improving practice, implementing improvement plans, raising standards, increasing productivity, researching and devolving and embedding good practice.

Prior to joining Capita, Consultant F held a range of local authority operational and strategic management roles in social care services, including responsibility for children's referral and assessment teams, services for children in care and children in need of protection.

As an Assistant Director for Partnerships, Performance and Strategy, Consultant F had responsibility for strategic and service planning, departmental performance management, and commissioning arrangements for both adults and children's social care services. She also successfully managed a number of inspections and led on developing effective strategic and service planning and performance management arrangements for the new integrated children's service.
