

Consultant I

Consultant I is a Senior Executive with Capita Strategic Children's Services, having joined the company in 2006 following a successful career in teaching and local government administration.

Since joining Capita Strategic Children's Services, Consultant I has taken the lead on capital related projects within Capita Strategic Children's Services and, in particular, on Building Schools for the Future. He has experience of BSF in three different capacities:

- Providing education advice to private sector bid teams
- Providing education advice to LAs preparing for entry into the BSF programme
- Managing BSF client teams in an interim management capacity

He has also undertaken a number of interim roles within the National Strategies including:

- Project management support for the introduction of the National Challenge
- Value for money reviews
- The establishment and initial management of the Management Information function within the National Strategies
- Establishing a process for the appointment of external consultants

Other experience has included the evaluation of LA Primary Strategies for Change on behalf of the DCSF and supporting LAs in estate planning. He has wide and varied experience of working in a local authority environment - primarily, but not exclusively, in the field of education resources.

Previously he has held a number of local authority positions including as an Assistant Director in two LAs.
